EXPERIENCE

CNC Machinist & Logistics Coordinator
Pilot Precision - Ottawa, ON, CA (2020-2021)
Being a part of an early startup with only three employees, cooperated with the owners about setting up the base system of the company, focused on establishing improvement and efficiency in the work area. Manufactured low tolerance, high precision machined metal parts for aerospace, medical and commercial industries. Created PO's, invoices and packing slips, tracked upcoming material, organized shipments and maintained priority of deliveries.

Machinist & Programmer
Pryor Metals - Ottawa, ON, CA (2018-2020)
Programmed G-Code on machine or on computer to fabricate products the fastest and most accurate way with close tolerances. Team leader in the machine department also experienced in assembly, NC, polishing, shipping and forming departments. Determined methods of sequence of operations needed to fabricate products, created custom fixtures and jigs for jobs, applied 100% inspection on each part.

Assistant Store Manager
Tim Hortons - Ottawa, ON, CA (2016-2018)
Responsible for recruiting, training and developing in multiple stores, worked in 2 different locations to train supervisors and store closers. Started working as a team member, promoted to store closer, then to morning supervisor and then to assistant manager.

Representative
My Staff Human Resources - Izmir, TR (2015-2016)
Supported the local & foreign press members during the G20 Economic Forum. Met with the G20 member country Prime Ministers/Presidents, worked with members from CNN, The New York Times, BBC World, Al Jazeera, NBC, etc. Assisted Customer Service Expert & NYT Best-Selling Author Shep Hyken during the Turkish Airlines CEO Summit.

Entertainment Manager
Risus Aqua Beach Resort - Kuşadası, Izmir, TR (2014-2015)
Coordinated all the daily activities for the animation team, hosted the shows in the theater, pool games and mini club games. Arranged beach activities, night shows and special events that were presented in the hotel 7 days a week. Responsible for the music and announcements. Presented events including 400 people concerts and celebrities.

Systems Installation Technician
Atlas Elevator Systems - Izmir, TR (2013)
Installed elevator systems with a wide team, assembled electrical panels and panel equipment for elevator systems, completed co-op during employment.

EDUCATION

Full Stack Web Development Boot Camp
Carleton University - Ottawa, ON, CA (2021)
